

2009 Events

Please make every effort to send entries to the organiser in advance of the race date. Double event reductions are only available if entries are received 2 weeks before the event. Not only is this cheaper for the paddler, it also makes the organiser's job much easier. Please note there will be Team Racing for both Classic and Sprint events – in line with international WWR.

We have also introduced regional races for Div B. The idea is to select a region – one race in another region is allowed to count and double points for the final.

OC=Y, OC=N, or OC=? shows whether a course is suitable for Open Canadians. Full buoyancy bags are required in all boats on all courses.

For further details of all Irish Canoe Union events, contact Martin McCarthy – (00353)16235281; mmccarthy@eircom.ie; <http://www.wildwater-ireland2005.com/>
